

What a difference a day makes! For Friday's Spotlight Heifer Sale, the weather was balmy and clear, and the pens and alleyways were packed with consignors and buyers. However, snow was falling by Saturday morning, and temperatures had dropped to the low 30's with strong winds keeping even the most hardy breeders inside the Marriott hotel.

Despite the weather extremes, attendance to the Legacy Sale was strong, with Friday night's crowd setting a new record for the event. In fact, well over 100 people were at the Legacy for the first time!
